
ACTA ANÆSTHESIOLOGICA BELGICA

2003 – 54 – n° 1

CONTENTS

| | | |
|----------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|----|
| Winners of the Best Publication 2002 | | 13 |
| Winners of the SARB abstract competition : award 2002 | | 15 |
| Winner of the SARB grants | | 17 |
| Annual SARB research Grants Competition | | 19 |
| The negative inotropic effect of sevoflurane is not mediated through nitric oxide synthase in rat papillary muscle | <i>P. V. Lecomte, A. Hacker, G. Kojda and S. G. De Hert</i> | 25 |
| Direction and side used to determine the extent of sensory block after subarachnoid anesthesia do not influence the level of the block | <i>A. Fassoulaki, M. Zotou, Th. Pourgiezi, I. Siafaka and Q. Hogan</i> | 33 |
| Opioid tolerance and dependence : an inevitable consequence of chronic treatment ? | <i>H. Adriaensen, K. Vissers, H. Noorduyn and T. Meert</i> | 37 |
| Pharmacokinetics of inhaled anesthetics and the general anesthetic equation – a reappraisal | <i>J. F. A. Hendrickx</i> | 49 |
| Intradermal skin testing in the investigation of suspected anaphylactic reactions during anaesthesia – a retrospective survey | <i>F. M. Soetens, Fr. J. Smolders, H. C. Meeuwis, A. G. Van der Donck, P. H. Van der Aa, M. A. De Vel, M. J. Vanhoof and M. A. Soetens</i> | 59 |
| Meeting Proceedings | | |
| Summer 2002 | | 69 |
| 30 November 2002 | | 83 |
| Organon Award 2003 | | 85 |
| B-Braun Award 2003 | | 89 |
| Informations | | 97 |
