Introduction

Dear Colleagues,

On behalf of the Society of Anaesthesia and Resuscitation of Belgium (SARB), we would like to invite you wholeheartedly to the upcoming Annual Meeting, which will deal with bleeding, thrombosis and coagulation. The meeting will take place on November 20, 2010 in the Thermae Palace hotel in Ostend.

The issue of bleeding, thrombosis and coagulation has deliberately been chosen as it becomes a more than important topic in daily clinical practice. The correct approach with up-to-date treatment should be the mainstay in perioperative care as it may directly affect outcome in an area where morbidity is still high.

We are very pleased to invite you all to submit an abstract for a poster or oral communication (residents meeting). Five best posters are awarded. Also allowed are posters which were already proposed in other (international) congresses. The Annual Meeting is a perfect place to exchange expertise and a discussion forum for older and younger colleagues.

Do not miss the opportunity to join this meeting! Looking forward to meeting you all in Ostend.

Yours sincerely,
Jan Poelaert
President SARB
